DECLARATION ADDENDUM NUMBER ONE TO MOTION FOR  
SANCTIONS, DOC. NO. 85

I, Howard E. Leventhal, Defendant in this matter, do hereby  
declare as follows:

- 1) Precisely as if it were written in the "Winston Paes Handbook  
for Abusers of Power Everywhere", Mr. Paes has communicated a  
threat to me in retaliation for filing my Motion for Sanctions,  
Doc. No. 85 in this matter. <sup>this of</sup> ~~This of~~ course is hearsay - precisely  
the same type of hearsay which now serves to infect and corrupt  
my amended PSR.
- 2) On Sunday Dec 20, 2015 during a visit to see me at MDC, my  
counsel Steve Zissou re-transmitted a statement by Paes to the  
general effect: "Doesn't he (Leventhal) understand that now (I,  
Paes) will be coming after him and his family for the rest of his  
life?" It is imperative that this communication is entered into  
the record of this matter for at least two reasons: The Court, as  
it considers the question of sanctions against Paes and his co-  
contemnor should be made aware of this threat and every future  
threat, in order to adjudicate the question of contempt raised in  
the pending Motion for Sanctions.

Also, given <sup>that each</sup> ~~that all~~ and every threat emitted by Mr. Paes is credible and routinely ~~followed~~ up with execution ~~of~~ the threatened action, there must be a ~~reference~~ and record in this matter in order to have any hope ~~of~~ defending against whatever Fantasy Island allegation Paes acts upon in ~~the~~ <sup>future</sup>.

3) I am compelled to recall ~~for~~ the record a prayer that was given while I was in the audience at the La Scala Opera in Milan Italy one or two days ~~after~~ the attacks ~~of~~ September 11, 2001. It was a long prayer which concluded "Let us stand up now in sympathy and remembrance ~~of~~ these Americans, who always do what is right". I dare say that ~~far~~ fewer audience members would have risen that day, had they any insight into the ~~behavior~~ of Winston Paes, Assistant United States Attorney, who so ~~often~~ refers to himself as "The Government".

-- Declarant sayeth ~~further~~ not.
